

WORKSHOP ON COMPUTATIONAL STOCHASTICS

March 25 - 30, 2012
Annweiler am Trifels, Germany

This workshop will represent some of the recent developments in approximation and numerics for SDEs and SPDEs. Additionally, a number of applications from different fields of science and technology will be presented.

CompStoch is organized by

Stefan Geiß (Universität Innsbruck)

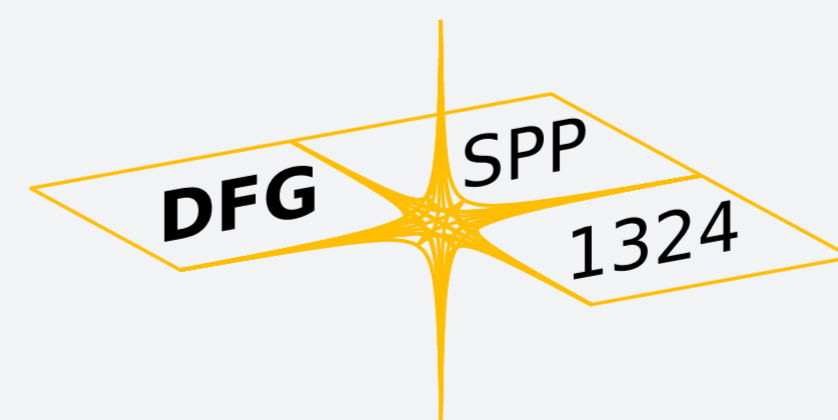

Mike Giles (Oxford University)

Peter Kloeden (Goethe-Universität Frankfurt)

Andreas Neuenkirch (Universität Mannheim)

Klaus Ritter (TU Kaiserslautern)

CompStoch is sponsored by
